Dear Students, Parents and Guardians,

State law requires the Butte County Office of Education (BCOE) to provide annual notification to students, parents and guardians of their rights and responsibilities pertaining to their child's education. Please read this Annual Notification. The parent or guardian is required to acknowledge their receipt of this notice by signing and returning the signature page to their child's school. The parent's or guardian's signature is an acknowledgment that they have been informed of their rights and does not indicate the parent's or guardian's consent for their child to participate or not participate in any particular program listed within the Annual Notification.

Some legislation requires additional notification to the parents or guardians during the school term prior to a specific activity. Separate letters are available to parents or guardians in the school site handbook regarding any of these specified activities or classes. The student will be excused whenever the parents or guardians file with the principal of the school a statement in writing requesting that their child not participate. Other legislation grants certain rights that are detailed in this Annual Notification.

The Butte County Office of Education recognizes that parent or guardian involvement in their child's education promotes student achievement and contributes greatly to the student's success. This Annual Notification contains information on the various ways parental involvement is encouraged in accordance with federal and state laws, as well as BCOE Superintendent's Policy. The Butte County Office of Education commits to providing a quality education to all of its students in a safe and healthy environment. We look forward to a successful and positive school year, made possible by the dedicated efforts of its administrators, teachers, para educators, support staff, students, and parents and guardians.

Please read this Annual Notification carefully and return the signed forms to your student's school as soon as possible.

Sincerely,

Michelle Zevely, Deputy Superintendent
Butte County Office of Education

School Accreditation-EC 35178.4

BCOE will notify each parent or guardian of a pupil in a school that has lost its accreditation status and the potential consequences of the school's loss of status, in writing or by posting the information on the school's website.

Bilingual Education-EC 52173

BCOE will notify the parents or guardians of pupils who will be enrolled in a bilingual education program. The notice will contain a simple description of the program, inform the parent or guardian they have the right and are encouraged to visit the class in which their pupil will be enrolled and to have a school conference to explain the purpose of such an education, and that they have the right not to have their pupil enrolled in the program. Notice shall be in English and the primary language of the pupil.

Language Acquisition Programs EC 310

The Local Education Agency (LEA) is required to provide a Structured English Immersion (SEI) program option. If you choose this option, your child will be placed in a classroom that uses mostly English for instruction.

All programs include English Language Development (ELD) and teaching strategies differentiated for each student's level of English language proficiency. These strategies are used to help each student reach proficiency in speaking, reading and writing English, and succeed academically in all core subjects.

Requesting a Language Acquisition Program

Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible and provides instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards (EC Section 306[c]).

Parents/Guardians may choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible (EC Section 310[a]).

Description of Program Options and Goals for English Learners

A description of language acquisition programs is listed below. Please contact the district administrator at the number below if you would like to discuss another program option that best suits your child.

- **Mainstream Classroom:** Students are enrolled in a mainstream classroom in which all classroom instruction is provided in English, but with regular integrated and designated ELD and Title 1 or paraprofessional support, as necessary. Students have full access to grade level academic subject matter content.
- **Structured English Immersion (SEI) Program:** A language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At minimum, students are offered ELD and access to grade level academic subject matter content.

- Other Instructional Setting Butte COE Special Education Program (IEP): Students in a special education/ special day class setting are taught primarily in English. Some assistance may be provided in the primary language. Students are taught ELD and other core subjects by authorized teachers using district-adopted textbooks and supplemental materials. Instruction is based on ELD and grade-level content standards.

Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. Public meeting agendas are posted on each school's website. If interested in a program not listed above, please contact the Director of Curriculum & Instruction at (530) 532-5650 to ask about alternative options.

Parents of English learners have a right to decline or opt their children out of the school district's language acquisition program or opt out of particular English learner service(s) within a language acquisition program. (20 U.S.C Section 6318[c][A][vii]) However, LEAs remain obligated to provide the student meaningful instruction (5 CCR Section 11302) until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time.

Title 1-20 (Teacher Qualifications) U.S.C. 6311

- Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
- The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.

Whether the child is provided services by paraprofessionals and, if so, their qualifications.

In addition to the information that parents may request regarding their child's teacher, parents may also request:

- Information on the level of achievement of the parent's child in each of the State academic assessments, and
- Timely notice that the parent's child has been assigned or has been taught for four (4) or more consecutive weeks by a teacher who does not meet the applicable state certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

Parents may obtain this information by logging on to www.ctc.ca.gov/ and looking up the child's teacher's credentials by entering the first and last name.

The law also requires that parents be notified when a teacher who is not highly qualified is hired and teaches the child four (4) consecutive weeks or more.

Mathematics Placement Policy-EC 51224.7

The BCOE utilizes a fair, objective and transparent mathematics placement policy that takes multiple objective academic measures of pupil performance into consideration, annually examines aggregate pupil

placement data to ensure pupil qualification for progressing through mathematics courses and offers clear and timely recourse for any pupil or parent or guardian who questions the placement. More information about BCOE's mathematics placement policy is prominently available on each school's website.

Right to Refrain from Harmful Use of Animals-EC 32255-32255.6

<https://www.dir.ca.gov/das/>. The BCOE may use contact information contained in the Division of Apprenticeship Standard's database to obtain information or materials, including, but not limited to, pamphlets or brochures.

Title II Coordinator

The Americans with Disabilities Act (ADA) calls for every public entity that employs 50 or more persons to designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under the ADA (Regulation §35.107).

BCOE's Title II Coordinator is responsible for carrying out investigations of complaints alleging noncompliance or alleging any action that would be prohibited under the ADA.

 - Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 5145.71 concurrently meets the requirements of BP/AR 1312.3.

The entire AR 5145.71 can be accessed under Title IX Sexual Harassment Complaint Procedures.

 - Severe enough to cause the person threatened to reasonably fear for their safety, their family’s safety, or the protection of BCOE or school program, or any property associated with the school program.

Suspension/Expulsion: Alternative & Other Means of Correction-EC 48900, 48900.5, 48911

Suspension should generally only be considered when other methods of correction have not successfully addressed the student’s behavior. The BCOE may document the use of alternative corrective actions before suspension or expulsion, and these documents will be kept in the student’s record.

- Other means of correction may include:
 - Conferences between school personnel, the pupil’s parent or guardian and the pupil,
 - Referrals to the school counselor or psychologist,
 - Participate in study teams, guidance teams, or other intervention-related teams to assess behavior and develop behavior plans,
 - Referrals for psycho-educational assessments,
 - After-school programs that address specific behavioral issues,
 - Community service on school grounds during non-school hours.
- A pupil may be suspended for any of the reasons outlined in Section 48900. Even upon a first offense, if the principal or superintendent of schools determines that the pupil violated any of the following:
 - Section 48900(a), (b), (c), (d), or (e),
 - The pupil’s presence on campus poses a danger to others.
- Before suspension, an informal conference must be held between the principal, the principal’s designee, or the superintendent and the student. Whenever possible, the teacher or school staff member who referred the student should also be involved. During this conference, the student will be informed of:
 - The reason for the disciplinary action, and
 - The other corrective actions that were attempted before the suspension.

Parent Attendance of Suspended Students During School Day-EC 48900.1

BCOE has a policy authorizing teachers to require the parent or guardian of a suspended pupil to attend a portion of a school day in the class of the suspended pupil. More information can be found online at <https://www.bcoe.org/About-BCOE/BCOE-Superintendent/Policies--Procedures/index.html>.

Due Process Procedures for Suspension:

1) Informal Conference:

- Suspension shall be preceded by an informal conference conducted by the Associate Superintendent, principal, or principal's designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. During the conference:
 - The student will be informed of the reason for the disciplinary action, including the corrective actions that were attempted before suspension as required under Education Code 48900.5,
 - The evidence against the student will be presented,
 - The student will be given the opportunity to present their version of events and any supporting evidence.
- This conference may be omitted if the Associate Superintendent, principal, or designee determines that an emergency situation exists. An emergency situation involves a clear and present danger to the lives, safety, or health of students or school personnel.
- If the conference is not held before suspension, both the parent/guardian and student must be notified of the student's right to return to school for the purpose of the conference. The conference must be held within two school days, unless the student waives this right or is physically unable to attend for any reason. In such cases, the conference will take place as soon as the student is physically able to return to school.

1) Administrative Actions:

- 2) All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of misbehavior. A school employee shall report the suspension, including the name of the student and the cause of the suspension, to the Associate Superintendent or designee.

3) Notice to Parents/Guardians:

- 4) At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. This notice shall state the specific offense committed by the student. In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

5) Parent/Guardian Conference:

- 6) Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matter. While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the

failure of the parent/guardian to attend such a conference. The student may not be denied readmission solely because the parent/guardian failed to attend the conference.

7) Extension of Suspension:

8) If the County Superintendent is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Associate Superintendent or designee may, in writing, extend the suspension until such time as the County Superintendent has made a decision, provided the following requirements are:

- The extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension.
- The Associate Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process.
- If the student involved is a foster youth, the Associate Superintendent or designee shall notify the liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting
- If the student involved is experiencing homelessness as a child or youth, the Associate Superintendent or designee shall notify the District Liaison for students experiencing homelessness.

Foster Youth Bill of Rights-EC 48853; 48853.5; 49069.5; 51225.1; 51225.2

“Foster child” means a child who has been removed from his or her home pursuant to Section 309 of the Welfare and Institutions Code (“WIC”), is the subject of a petition filed under Section 300 or 602 of the WIC or has been removed from his or her home and is the subject of a petition filed under WIC section 300 or 602.

A foster child who is placed in a licensed children's institution or foster family home shall attend programs operated by the local educational agency in which that licensed children's institution or foster family home is located, unless one of the following applies:

- The pupil is entitled to remain in his or her school of origin;
- The pupil has an individualized education program requiring placement in a nonpublic, nonsectarian school or agency, or in another local educational agency;
- The parent or guardian, or other person holding the right to make educational decisions for the pupil pursuant to Section 361 or 726 of the WIC or Section 56055 (“educational rights holder”), determines that it is in the best interests of the pupil to be placed in another educational program and has submitted a written statement to the local educational agency that he or she has made that determination. This statement shall include a declaration that the parent, guardian, or educational rights holder is aware of all of the following:
 - The pupil has a right to attend a regular public school in the least restrictive environment.
 - The alternate education program is a special education program, if applicable.
 - The decision to unilaterally remove the pupil from the regular public school and to place the pupil in an alternate education program may not be financed by the local educational agency.
 - Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent, guardian, or educational rights holder.
- The parent or guardian, or educational rights holder shall first consider placement in the regular public school before deciding to place the foster child in a juvenile court school, a community school, or another alternative educational setting.
- A foster child may still be subject to expulsion under applicable law and Superintendent Policy.
- Foster youth are subject to other laws governing the educational placement in a juvenile court school, of a pupil detained in a county juvenile hall, or committed to a county juvenile ranch, camp, forestry camp, or regional facility, notwithstanding the rights contained in this notice.
- Foster children living in emergency shelters (as referenced in the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11301, et seq.), may receive educational services at the emergency shelter as necessary for short periods of time for either of the following reasons:
 - For health and safety emergencies.
 - To provide temporary, special, and supplementary services to meet the child's unique needs if a decision regarding whether it is in the child's best interests to attend the school of origin cannot be made promptly, it is not practical to transport the child to the school of origin, and the child would otherwise not receive educational services.
- The educational services may be provided at the shelter, pending a determination by the educational rights holder regarding the educational placement of the child.

All educational and school placement decisions shall be made to ensure that the child is placed in the least restrictive educational programs and has access to academic resources, services, and extracurricular and enrichment activities that are available to all pupils. In all instances, educational and school placement decisions shall be based on the best interests of the child.

The Butte County Office of Education designates Meagan Meloy, Director School Ties and Prevention Services at (530) 879-3781, as the educational liaison for foster children. The role of educational liaison is advisory with respect to placement decisions and determination of school of origin and does not supersede the role of the parent or guardian retaining educational rights, a responsible adult appointed by the court, a surrogate parent or a foster parent exercising their legal rights with respect to the foster child's education. The educational liaison serves the following roles:

- Ensures and facilitates proper educational placement, enrollment in school, and checkout from school for foster children.
- Assists foster children when transferring from one school to another school or from one school district to another school district in ensuring proper transfer of credits, records and grades.
- When designated by the Superintendent, notifies a foster child's attorney and child welfare agency representative(s) of pending disciplinary proceedings and pending manifestation determination proceedings if the foster child is also eligible to receive special education and related services under the IDEA.

At the initial detention or placement by the Juvenile Court, or any subsequent change in placement of a foster child by the Court, the local educational agency serving the child shall allow the foster child to continue his or her education in the school of origin for the duration of the jurisdiction of the court. If the jurisdiction of the court is terminated prior to the end of the academic year:

- Former foster children in grades kindergarten, or 1 to 8, inclusive, shall be allowed to continue his or her education in the school of origin through the duration of the academic year.
- Former foster children in high school shall be allowed to continue his or her education in the school of origin through graduation.
- Transportation is not required unless the former foster child has an IEP and the IEP team determines transportation is a necessary related service, required by the unique educational needs of the pupil in order to benefit from their special education program. Transportation may be provided at the local educational agency's discretion. The rights of foster youth do not supersede any other law governing special education for eligible foster children.
- To ensure that the foster child has the benefit of matriculating with his or her peers in accordance with the established feeder patterns of school districts, if the foster child is transitioning between school grade levels, the foster child shall be allowed to continue in the school district of origin in the same attendance area, or, if the foster child is transitioning to a middle school or high school, and the school designated for matriculation is in another school district, to the school designated for matriculation in that school district.

In consultation with the foster child and educational rights holder, the educational liaison may recommend that the foster child waive his or her right to attend the school of origin and enroll in a public school within his or her attendance area. The educational liaison's recommendation must be accompanied

by a written explanation for the basis of the recommendation and how it serves the foster child's best interests.

If the educational liaison, foster child and educational rights holder agree it is in the best interest of the foster child to waive his or her right to attend the school of origin and attend the recommended school, the foster child shall immediately be enrolled within the recommended school.

- The recommended school shall immediately enroll the foster child regardless of any outstanding fees, fines, textbooks or moneys due to any previous schools of attendance or if the foster child is unable to produce clothing or records normally required for enrollment, such as previous academic records, medical records, including proof of immunization, proof of residency or other documentation.
- Within two business days of the foster child's request for enrollment, the educational liaison for the new school shall contact the school last attended by the foster child to obtain all academic and other records. The last school attended by the foster child shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. The educational liaison for the last school attended shall provide a complete copy of the foster child's education record to the new school within two business days of receiving the request.

If any dispute arises as to the school placement of a pupil under this section, the pupil has the right to remain in his or her school of origin, pending resolution of the dispute.

"School of origin" refers to:

- The school the foster child attended when they were permanently housed or
- The school in which the foster child was last enrolled.

If the school the foster child attended when permanently housed is different from the school in which the foster child was last enrolled, or if there is some other school that the foster child attended with which the foster child is connected and that the foster child attended within the immediately preceding 15 months, the educational liaison, in consultation with, and with the agreement of, the foster child and the educational rights holder, shall determine, in the best interests of the foster child, the school that shall be deemed the school of origin.

Protection for Grades and Credits

- If a foster student is absent due to a court ordered placement change, their grades and credits must be calculated as of their last day of attendance, and no grade reductions will result from such absences.
- If a foster student is absent due to a verified court appearance or related court-ordered activity, no grade reductions will occur due to these circumstances.

Graduation Requirement Exemptions for Foster Youth and Students Experiencing Homelessness

Exemption from Local Graduation Requirements

A foster student or student experiencing homelessness who transfers schools after completing their second year of high school is exempt from all local graduation requirements beyond the statewide coursework requirements, unless the local educational agency determines they can reasonably complete the additional requirements within four years.

Assessment and Notification Timeline

- Within 30 days of the student's transfer, the local educational agency must assess whether the student can complete the local graduation requirements within five years. If so, the agency must:
 - Inform the student of their right to remain in school for a fifth year to complete graduation requirements.
 - Inform the student and their educational rights holder of how staying for a fifth year may impact postsecondary education opportunities.
 - Provide information on transfer opportunities available through California Community Colleges.
 - Permit the pupil to stay in school for a fifth year upon agreement with:
 - The student (if 18 years of age or older), or
 - The student's educational rights holder (is under 18 years of age), upon agreement with the educational rights holder.

Timely Notice and Continued Eligibility

If the local educational agency fails to provide timely notice of the exemption, the student remains eligible for the exemption even after:

- The termination of the court's jurisdiction over the pupil.
- The pupil is no longer considered homeless.

Graduation and Course Enrollment Rights

If a foster child or a youth experiencing homelessness is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of his or her fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency:

- May not require or request that the student to graduate before the end of his or her fourth year of high school.
- May not deny the foster child enrollment in courses they are otherwise eligible for.
- May not require the student to accept the exemption.

A transfer shall not be requested solely to qualify for an exemption under this section.

The local educational agency must accept coursework satisfactorily completed by a foster child or a youth experiencing homelessness at:

- Another public school
- A juvenile court school
- A nonpublic, nonsectarian school or agency

If the student did not complete the entire course the LEA:

- Must award full or partial credit for completed coursework.
- May not require the student to retake completed portions of a course unless the LEA determines in consultation with the educational rights holder, that the student can reasonably complete graduation requirements on time.
- Must allow the student to continue in the same or equivalent course to complete it.
- Must not prevent the student from taking or retaking courses needed to meet eligibility requirements for admission to California State University (CSU) or University of California (UC).

Filing a Complaint for Noncompliance

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures (UCP) set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

If a complainant is not satisfied with the decision of a local educational agency they may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

These protections ensure that foster youth and students experiencing homelessness have equitable access to education and a clear pathway to graduation.

Ensuring Educational Equity

These protections ensure that foster youth and students experiencing homelessness have equitable access to education and a clear pathway to graduation.

Children of Military Families and Other Protected Pupils-EC 49701, 51225.1, 51225.2

A pupil who is a "child of a military family" is defined as school-aged child or children, enrolled in kindergarten through twelfth grade, in the household of an active duty member.

- "Active duty" means full-time status in the active uniformed service of the United States, including member of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. sections 1209 and 1211.

Children of military families who transfer between schools any time after the completion of the pupil's second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide

coursework requirements, unless the local educational agency makes a finding that the child of a military family is reasonably able to complete the local educational agency's graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

Within 30 days of the child of a military family's transfer into a school, the local educational agency should determine whether the child of a military family is reasonably able to complete the local educational agency's graduation requirements within the pupil's fifth year of high school. If the pupil is reasonably able to complete the local educational agency's graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

- Inform the pupil of his or her choice to remain in school for a fifth year to complete the local educational agency's graduation requirements.
- Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency's graduation requirements will affect the pupil's ability to gain admission to a postsecondary educational institution.
- Provide information to the pupil about transfer opportunities available through the California Community Colleges.
- Permit the pupil to stay in school for a fifth year to complete the local educational agency's graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

Within 30 calendar days of the date that a pupil who is a child of a military family who may qualify for the exemption from local graduation requirements transfers into a school, the BCOE school shall notify the pupil and the pupil's parent or guardian of the availability of the exemption and whether the pupil qualifies for an exemption.

If the BCOE school fails to provide timely notice, the pupil shall be eligible for the exemption from local graduation requirements, even if that notification occurs after the pupil no longer meets the definition of "a child of a military family."

If a child of a military family is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of his or her fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of his or her fourth year of high school, nor shall the child of a military family be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child of a military family is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after the pupil no longer meets the definition of "a child of a military family" while he or she is enrolled in school or if the pupil transfers to another school or school district.

The BCOE shall not require, and a parent or guardian shall not request a child of a military family to transfer schools solely to qualify the pupil for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a pupil who is a child of a military family while attending another public school (including schools operated by the United States Department of Defense), a juvenile court school, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child of a military family to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency, in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child of a military family shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

- A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.
- A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.
- If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

The above protections shall also apply to pupils in foster care, pupils who are experiencing homelessness, former juvenile court school pupils, migratory children, and pupils participating in a newcomer program, as defined in Education Code section 51225.2(a).

[Pupil Protections Relating to Immigration and Citizenship Status-EC 234.7](#)

Except as required by state or federal law or as required to administer a state or federally supported educational program, the BCOE shall not collect information or documents regarding citizenship or immigration status of pupils or their family members.

Law Enforcement Requests for Information

If a law enforcement officer or agency employee requests access to a school site or seeks information for the purpose of enforcing immigration laws, BCOE staff must:

- Report the request to the Superintendent or designee in a timely manner.
- Ensure the confidentiality and privacy of any potentially identifying information.

Parental Absence and Student Care

If BCOE staff becomes aware that a pupil's parent or guardian is not available to care for the pupil, staff shall first exhaust any parental instruction relating to the pupil's care in the emergency contact

information it has for the pupil to arrange for the pupil's care. BCOE will not contact Child Protective Services to arrange for the pupil's care unless it is unable to arrange care through the use of emergency contact information provided by the parents or other information provided by the parent or guardian.

Right to a Free Public Education

BCOE has fully adopted model policies published by the Attorney General's Office entitled "Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California's K-12 Schools in Responding to Immigration Issues" (Promoting a Safe and Secure Learning Environment for All) These policies include, but are not limited to:

High school "high mobility" students, which include students in foster care, experiencing homelessness, recent immigrants, migrant students, former juvenile court school pupils, and students from military families, have the following rights when transferring to a new school after their second year of high school:

- Have the option to be **exempted from all coursework and other requirements that are more than statewide course requirements** for graduation, unless the local educational agency (LEA) makes a finding that the student is reasonably able to complete the LEA's graduation requirements in time to graduate by the end of the fourth year of high school;
- Have the option of attending a **fifth year** of high school in order to complete statewide graduation course requirements;
- To **consult** with school staff and the student's educational rights holder regarding other options available to the student, such as:
 - a fifth year of high school;
 - transfer opportunities available through California Community Colleges; and
 - possible credit recovery.

The consultation must also include a discussion of how remaining for a fifth year of high school or accepting an exemption from the local graduation coursework requirements may potentially impact the student's vocational plans or ability to gain admission to college and also take into consideration the student's academic record and any other information relevant to making an informed decision. (Ed. Code, § 51225.1, subd. (b)(1), (2), and (3) and subd. (f)(1)-(3).)

Foster youth and students experiencing homelessness have the right to consult with school staff and their educational rights holder regarding the student's option to remain in the student's **school of origin**; (Ed. Code, § 51225.1, subd. (b)(5).)

- Have their official **transcript**, reflecting the correct, full and partial credits earned, sent to their new school within two business days; (Ed. Code, § 49069.5, subd. (d) and (e);
- Have their new school **accept and issue the credits** forwarded by the transferring school, to prevent the student from unnecessarily retaking a course (Ed. Code, § 51225.2, subd. (b); and
- The official transcripts for transferring **foster youth** must include a determination of the days of enrollment or seat time, or both if applicable, to ensure that transferring foster youth get full credit for coursework completed at their prior school. (Ed. Code, § 49069.5, subd. (e).)
- If exempted from local graduation requirements, and upon completing statewide coursework requirements before the end of the fourth year of high school, the LEA may not require or request that the student graduate before the end of the student's fourth year of high school. (Ed. Code, § 51225.1, subd. (e).)

[Cancer Prevention Act / Human Papillomavirus \(HPV\) Immunization EC 48980.4 and HSC 120336](#)

HPV, or human papillomavirus, is a common virus that can cause cancers later in life. California law requires that students be advised to adhere to current immunization guidelines, as recommended by the

Advisory Committee on Immunization Practices (ACIP) of the federal Centers for Disease Control and Prevention (CDC), the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding full human papillomavirus (HPV) immunization recommending the vaccine before admission or advancement to the eighth grade level of any private or public elementary or secondary school.

AB 659 recommends students entering the 8th grade be fully vaccinated against HPV, with students and their parent or guardians receiving a notification of the requirement when they enter the 6th grade.

Per the CDC:

- Recommended age:
 - Ages 11-12 should receive two doses of the HPV vaccine (6-12 months apart).
 - Starting at age 9, children may get the vaccine.
 - If the first dose is given before the 15th birthday, only two doses are needed.
 - After the 15th birthday, three doses are required.

Why HPV Vaccination is Important:

- The vaccine is most effective when given before exposure to the virus.
- Prevents over 90% of cancers caused by HPV.

HPV vaccines are safe, and the benefits far outweigh the risks, (per Education Code section 48980.4 and Health and Safety Code section 120336.) Additional information may be found on the CDC's webpage [Information on HPV Vaccination](#).

[Anti-Seizure Medication-EC 49468 et seq.](#)

Parents of a student diagnosed with seizures, a seizure disorder, or epilepsy who have been prescribed an emergency anti-seizure medication may request that their student's school have one or more of its employees receive voluntary training in the administration of the medication in the event that the student suffers a seizure when a school nurse is not available. Upon receipt of the parent's request, the local educational agency must notify the parent that his or her child may qualify for an individualized education program or a Section 504 plan.

Parents must provide a seizure action plan pursuant to Ed. Code section 49468.3 before an emergency anti-seizure medication or therapy treatment may be administered.

[Medical and Hospital Services for Pupils-EC 49471, 49472](#)

BCOE does not offer medical or hospital services for injuries arising from out of school-related activities.

[Parent Refusal to Consent to Physical Examinations-EC 49451](#)

Parents may refuse to consent to annual physical examinations, including vision, hearing and scoliosis screening (curvature of the spine), by submitting an annual written statement. However, children may be sent home if they are believed to be suffering from a recognized contagious or infectious disease. Opt-out forms are available within this notification.

Physical Examinations for Vision, Hearing and Scoliosis

BCOE conducts applicable non-emergency, physical examinations or screenings during the fall semester or during a Triennial assessment for any student in need who has an Individual Education Plan. Education Code section 49455 requires a pupil's vision to be appraised by the school nurse or other authorized person during;

- Kindergarten or upon first enrollment,
- entry in a California school for a pupil at an elementary school and
- grades 2, 5, and 8, unless a pupil's first entry or enrollment occurs in grade 4 or 7.

[Child Health and Disabilities Prevention Program-HSC 124085, 124105](#)

Before a child enters first grade, his or her parents must obtain a waiver or health screening for the child and complete the provided certificate or sign a waiver. The screening should take place before (within the prior 6 months) or during the kindergarten year. Parents are encouraged to obtain health screening simultaneously with required immunizations. Parents may inquire in the school office about free health screenings for low-income children provided under the Child Health and Disabilities Prevention Program.

Sun Protective Clothing/Use of Sunscreen-EC 35183.5

BCOE allows for outdoor use of sun-protective clothing and the use of sunscreen by students during the day.

Access to Student Mental Health Services-EC 49428

The BCOE is required to notify both pupils and their parents/guardians no less than twice during the school year on how to initiate access to available pupil mental health services on campus or in the community, or both.

To notify parents or guardians, a school shall use at least two of the following methods:

- Distribute the information in a letter (electronic or hardcopy)
- Include the information in the annual parent notification
- Post the information on the school's Internet Web site or page

To notify pupils, a school shall use at least two of the following methods:

- Distribute the information in a document or school publication

Include the information in pupil orientation materials or in a pupil handbook at the beginning of the year

Post the information on the school's Internet Web site or page

If a school decides to notify parents through distributing the information in a letter and posting the information on the school's Internet Web site or page, then it need not also include the information in the annual parent notification.

Tobacco-Free Campus-HSC 104420, 104495

BCOE receives Tobacco Use Prevention funding to adopt and enforce a tobacco-free campus policy. Information about the policy and enforcement procedures may be found online at <https://www.bcoe.org/About-BCOE/BCOE-Superintendent/Policies--Procedures/index.html>. Health and Safety Code section 104495 prohibits smoking and use of any tobacco-related products and disposal of any tobacco-related waste within 25 feet of a school playground. The prohibition does not apply to a public sidewalk located within 25 feet of a playground.

Asbestos-40 C.F.R. 763.93

The Butte County Office of Education has a current management plan for asbestos containing materials for all BCOE portables. The plan is available for inspection at the Maintenance and Operations Office during normal business hours.

Use of Pesticides-EC 17612, 48980.3

The name of all pesticide products expected to be applied at the school facilities during the upcoming year can be found at <https://www.bcoe.org/About-BCOE/BCOE-Divisions/Statewide--Local-Support-Services/Maintenance-Operations--Facilities/index.html>. Persons wishing to be notified in advance of individual pesticide applications may register with the Maintenance and Operations (M&O) Office for that purpose. To register, contact: the Director, of M & O (530) 532-5601. Additional information on pesticides is made available by the Department of Pesticide Regulation at www.cdpr.ca.gov.

The Butte County Office of Education has developed an integrated pest management plan to provide a safe and low-risk approach to manage pest problems while protecting the environment, people and property. [Persistently Dangerous School Choice-5 C.C.R. 11993\(k\); 20 U.S.C. 7912](#)

Students shall be allowed to attend a safe school. The BCOE shall notify parents or guardians of pupils in elementary and/or secondary schools considered to be "persistently dangerous" pursuant to California Department of Education guidelines and of available options for attendance at a safe school. "Any firearms violations" is an event which must be considered in determining whether a school site is at risk of being classified as persistently dangerous.

[Comprehensive School Safety Plan-EC 32286, 32288](#)

Each school is required to develop a school safety plan, which includes a comprehensive disaster preparedness plan. Copies of the school safety plan are available to read at the school office during normal business hours.

[Child Abuse and Neglect Reporting-Penal Code 11164](#)

BCOE staff are required by law to report cases of child abuse and neglect to the appropriate law enforcement agency when they have a reasonable suspicion that a child has been a victim of child abuse and/or neglect. Reasonable suspicion does not require certainty that child abuse and/or neglect has occurred. The reporting staff member's name and report are confidential. The fact that a child is experiencing homelessness, or an unaccompanied minor is not, in and of itself, a sufficient basis for reporting child abuse or neglect.

[Disruption in Public School or Meeting-EC 32210](#)

Schools are not a forum for resolving custody disputes. The school has no legal authority to refuse a biological parent access to his or her child and the child's school records unless a signed restraining order or proper divorce papers specifically setting forth limitations are on file at the school office. Custody disputes must be handled by the courts.

Walking or Riding A Bike to School-VC 21212

The BCOE requests that parents or guardians of children who walk or ride their bike to school plan a safe route to school with their children. The route shall not involve shortcuts through private property and all students are expected to exhibit good behavior. Furthermore, a student under 18 years of age may be fined for not wearing a properly fitted and fastened helmet, and the parent or legal guardian of a minor who violates this section shall be jointly and severally liable with the minor for the fine.

Cyber Sexual Bullying-EC 234.2

The BCOE may suspend or expel students who engage in cyber sexual bullying consistent with the BCOE's disciplinary procedures. The California Department of Education has developed information regarding cyber sexual bullying available at <http://www.cde.ca.gov/ls/ss/se/bullyingprev.asp>

Firearm Safety and Safe Storage of Firearms Information

Beginning with the 2023-2024 school year, local educational agencies are required to include information in their Annual Notices related to the safe storage of firearms and California's child access prevention laws, which establish liability for parents and guardians who should have known that their child could gain access to a firearm at home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

With very limited exceptions, California law makes a person criminally liable for keeping, storing, or leaving any firearm, loaded or unloaded, on any premises where a child is likely to gain access. A parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward. The information included in the Annual Notice must be informed by model content developed by the California Department of Education, which will be updated annually.

For additional information on firearm safety, please see attached Firearms Safety Memorandum in English and Spanish below.

Firearms Safety

To: Parents and Guardians of Students in the Butte County Office of Education

From: Mary Sakuma

Subject: California Law Regarding Safe Storage of Firearms

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the Butte County Office of Education of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; **or** (3) unlawfully brandishes the firearm to others.¹
 - **Note:** The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm.²
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.³

³ See California Penal Code sections 25100 through 25125 and 25200 through 25220.

³ See California Penal Code section 25100(c).

- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.

Note: Your county or city may have additional restrictions regarding the safe storage of firearms.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Notificación del Almacenamiento Seguro de Armas de Fuego

Para: Padres y Tutores Legales de los Estudiantes en el Distrito Escolar Butte County Office of Education

De: Mary Sakuma

Tema: Ley de California con Respecto al Almacenamiento Seguro de Armas de Fuego

El propósito de esta notificación es informarles y recordarles a los padres y los tutores legales de todos los estudiantes en el Distrito Escolar **[Insertar nombre del distrito escolar]** de sus responsabilidades de mantener las armas fuera del alcance de los niños, según se requiere la ley de California. Ha habido muchos reportajes de niños que llevan armas de fuego a la escuela. En muchos casos el niño obtuvo el arma/las armas de fuego de su hogar. Estos incidentes se pueden prevenir fácilmente por guardar las armas de fuego en una manera segura, incluyendo manteniéndolas bajo llave cuando no se usan y con municiones almacenadas por separado.

Para que todos entiendan sus responsabilidades legales, esta notificación detalla la ley de California con respecto al almacenamiento de armas de fuego. Por favor tome el tiempo necesario para revisar esta notificación y evalúe sus propias prácticas personales para asegurar que ustedes y su familia cumplan con la ley de California.

- Con muy pocas excepciones, en California una persona es penalmente responsable por guardar cualquier arma de fuego, cargada o no cargada, dentro de cualquier sitio bajo su custodia y control donde esa persona sabe o razonablemente debe saber que es probable que un niño logre acceder el arma de fuego sin permiso del padre de familia o del tutor legal, y el niño logra acceder el arma de fuego y por lo tanto (1) causa la muerte o lesiones al niño o a cualquier otra persona; (2) se lleva el arma de fuego fuera de los locales o a un lugar público, incluyendo a cualquier escuela preescolar o escuela K-12 o a cualquier otro evento, actividad, o espectáculo patrocinado por la escuela; o (3) blande ilícitamente el arma de fuego delante de otras personas.¹
 - Nota: La sanción penal podría ser mucho mayor si alguien muere o sufre una gran lesión corporal como resultado de que el niño lograra acceso al arma de fuego.
- Con muy pocas excepciones, en California también es un delito almacenar o dejar negligentemente, cargada o no, cualquier arma de fuego, en sus locales en un sitio donde una persona sabe o razonablemente debe saber que es probable que un niño logre acceso al arma sin permiso del padre de familia o del tutor legal, a menos que tome acción razonable para asegurar que el arma de fuego no sea accesible al niño, aun cuando un menor de edad efectivamente no acceda **nunca** el arma de fuego.
- Además de multas y plazos de encarcelamiento potenciales, desde el primero de enero de 2020, al dueño de un arma de fuego declarado responsable penalmente bajo estas leyes de California, se le puede prohibir poseer, controlar, ser dueño, recibir, o comprar un arma de fuego por 10 años.³
- Finalmente, un padre de familia o tutor legal también podría ser responsable civilmente por los daños y perjuicios resultantes de la descarga de un arma de fuego por el niño o el pupilo de esa persona.⁴

Nota: Su condado o su ciudad podría tener restricciones adicionales en cuanto al almacenamiento de armas de fuego.

Gracias por ayudar a mantener seguros nuestros niños y nuestras escuelas. Recuerde que la manera más fácil y segura de cumplir con la ley es guardar las armas de fuego en un recipiente asegurado con llave o aseguradas con un mecanismo de seguridad que hace inservible el arma de fuego.

Atentamente,

Mary Sakuma

Education Code Section 58501- Notice of Alternative Schools

The following notice shall be sent along with the notification of parents and guardians required by Section 48980:

“Notice of Alternative Schools”

California state law authorizes all school districts to provide alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (b) Recognize that the best learning takes place when the student learns because of his desire to learn.
- (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects.
- (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.”

Further, a copy shall be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

The Facts About Fentanyl

Fentanyl Facts

Fentanyl is a synthetic opioid that is up to 50 times stronger than heroin and 100 times stronger than morphine. It is a major contributor to fatal and nonfatal overdoses in the United States. Fentanyl is a synthetic opioid that is up to 50 times stronger than heroin and 100 times stronger than morphine.

There are two types of fentanyl: pharmaceutical fentanyl and illicitly manufactured fentanyl. Both are considered synthetic opioid. Pharmaceutical fentanyl is prescribed by doctors to treat severe pain, especially after surgery and for advanced-stage cancer. However, most recent cases of fentanyl-related overdose are linked to illicitly manufactured fentanyl, which is distributed through illegal drug markets for its heroin-like effect. It is often added to other drugs because of its extreme potency, which makes drugs cheaper, more powerful, more addictive, and more dangerous.

Please be advised that social media platforms are being used to market and sell fentanyl and other synthetic drugs.

Illicitly Manufactured Fentanyl

Illicitly manufactured fentanyl (IMF) is available on the drug market in different forms, including liquid and powder. Fentanyl-laced drugs are extremely dangerous, and many people may be unaware that their drugs are laced with fentanyl.

- **Powdered fentanyl** looks just like many other drugs. It is commonly mixed with drugs like heroin, cocaine, and methamphetamine and made into pills that are made to resemble other prescription opioids.
- **Liquid form** can be found in nasal sprays, eye drops, or dropped onto paper like small candies.
- **Street Names for Fentanyl:** Apache, Dance Fever, Friend, Goodfellas, Jackpot, Murder B, Tango & Cash
- Drugs do not come with an ingredients list. Many contain deadly doses of fentanyl.

Fentanyl and Overdose

Fentanyl and other synthetic opioids are the most common drugs involved in the overdose deaths. Even in small doses, it can be deadly. Over 150 people die every day from overdoses related to synthetic opioids like fentanyl.

Drugs may contain deadly levels of fentanyl, and you wouldn't be able to see it, taste it, or smell it. It is nearly impossible to tell if drugs have been laced with fentanyl unless you test your drugs with fentanyl testing strips. Testing strips are inexpensive, typically give results within 5 minutes, and can be the difference between life and death. Even if the test is negative, caution should be taken as test strips might not detect more potent fentanyl-like drugs, like carfentanil.

Signs of an Overdose

Recognizing the signs of opioids overdose can save a life. Here are some things to look for:

- Small, constricted "pinpointed pupils"
- Falling asleep or losing consciousness
- Slow, weak, or no breathing
- Choking or gurgling sounds
- Limp body
- Cold, clammy, and/or discolored skin

What do you Think if Someone is Overdosing

It may be hard to tell whether a person is high or experiencing an overdose. If you aren't sure, it's best to treat the situation like an overdose-you could save a life.

- Call 911 Immediately
- Administer naloxone, if available
- Try to keep the person awake and breathing
- Lay the person on their side to prevent choking
- Stay with them until emergency workers arrive

**Most states have laws that may protect a person who is overdosing or the person who called for help from legal trouble.

Facts About Fentanyl- Spanish Version

La verdad sobre el fentanilo

Datos sobre el fentanilo

El fentanilo es un opioide sintético que es hasta 50 veces más fuerte que la heroína y 100 veces más fuerte que la morfina. Es uno de los principales contribuyentes a las sobredosis fatales y no fatales en los Estados Unidos.

Existen dos tipos de fentanilo: el fentanilo farmacéutico y el fentanilo fabricado ilícitamente. Ambos se consideran opioides sintéticos. El fentanilo farmacéutico es recetado por los médicos para tratar el dolor intenso, especialmente después de una cirugía y para el cáncer en etapa avanzada. Sin embargo, los casos más recientes de sobredosis relacionadas con el fentanilo están vinculados al fentanilo fabricado ilícitamente. El cual se distribuye a través de los mercados de drogas ilegales por su efecto similar a la heroína. A menudo se agrega a otras drogas debido a su extrema potencia, que hace que las drogas sean más baratas, más potentes, más adictivas y más peligrosas.

Fentanilo fabricado ilícitamente

El fentanilo fabricado ilegalmente (FMI) está disponible en el mercado de drogas en diferentes formas, como líquido y polvo. Las drogas mezcladas con fentanilo son extremadamente peligrosas y muchas personas pueden no saber que sus drogas están mezcladas con fentanilo.

- El fentanilo en polvo se parece a muchas otras drogas. Se suele mezclar con drogas como la heroína, cocaína y metanfetamina, y se elaboran en pastillas que se asemejan a otros opioides recetados.
- La forma líquida se puede encontrar en aerosoles nasales, gotas para los ojos o en gotas de papel como pequeños caramelos.
- Nombres callejeros del fentanilo:
 - Apache, Fiebre del baile, Amigo, Uno de los nuestros, Jackpot, Murder B, Tango y Cash

Los medicamentos no vienen con una lista de ingredientes. Muchos contienen dosis letales de fentanilo.

Fentanilo y sobredosis

El fentanilo y otros opioides sintéticos son las drogas más comunes implicadas en las muertes por sobredosis. Incluso en pequeñas dosis, puede ser mortal. Más de 150 personas mueren todos los días por sobredosis relacionadas con opioides sintéticos como el fentanilo.

Las drogas pueden contener niveles letales de fentanilo, y no se puede ver, saborear ni oler. Es casi imposible saber si las drogas han sido mezcladas con fentanilo a menos que las analices con tiras reactivas para detectar fentanilo. Las tiras reactivas son económicas, suelen dar resultados en 5 minutos y pueden ser la diferencia entre la vida y la muerte. Incluso si la prueba es negativa, se debe tener precaución, ya que las tiras reactivas podrían no detectar drogas más potentes similares al fentanilo, como el carfentanilo.

Signos de una sobredosis

Reconocer los signos de una sobredosis de opioides puede salvar una vida. A continuación, se indican algunos aspectos a tener en cuenta:

- Pupilas pequeñas y contraídas, "en punta"
- Quedarse dormido o perder el conocimiento
- Respiración lenta, débil o nula • Sonidos de ahogo o gorgoteo
- Cuerpo flácido • Piel fría, húmeda y/o decolorida

¿Qué piensas si alguien sufre una sobredosis?

Puede resultar difícil determinar si una persona está drogada o sufre una sobredosis. Si no está seguro, lo mejor es tratar la situación como si se tratara de una sobredosis: podría salvar una vida.

1. Llama al 911 inmediatamente.
2. Administrar naloxona, si está disponible.
3. Trate de mantener a la persona despierta y respirando.
4. Acueste a la persona de lado para evitar que se ahogue.
5. Quedese con ellos hasta que lleguen los trabajadores de emergencia.

FAQ'S: Rights and Options Available to Pregnant/Parenting Pupils

Assembly Bill (AB) 2289 states that pregnant and parenting pupils are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children by establishing specified rights. The law is effective as of January 2019.

Can my school treat me differently because of my pregnancy or parental status?

No, Title IX of the United States Code prohibits discrimination based on sex, which includes both pregnancy and parental status.

Can my school prevent me from participating in any educational program or activity?

No, a school may not exclude or deny a pregnant or parenting pupil from any educational program or activity, including class or extracurricular activity, based solely on the pupil's pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery. However, a school may require a pupil to obtain a doctor's note to ensure that they are emotionally and/or physically able to continue participation in the educational program.

Can my school force me to take part in a pregnant minor program?

No, a pregnant or parenting pupil does not have to participate in any alternative educational program because of pregnancy or parental status. A student may voluntarily take part in these programs if they choose.

Am I entitled to any parental leave in preparation or to take care of my newborn child?

Yes, any pregnant or parenting pupil is entitled to a minimum of eight weeks of parental leave, which may be increased under medical necessity. A pupil is not required to complete any class work during this period, and it must be counted as an excused absence by the school.

What if my child is sick?

Taking care of a sick child counts as an excused absence, and the school may not require you to provide a doctor's note for this kind of absence.

What happens when I return to school?

A pregnant or parenting pupil will return to their normal course of study. The pupil is entitled to opportunities to make up any missed work from parental leave. This includes being able to stay for a fifth year of school to complete graduation requirements. The pupil may also enroll in an alternative educational program provided it is equal to that of their former schoolwork.

Do these rights only apply to pregnant pupils?

No, these rights apply equally to all pregnant and parenting pupils, defined as any student who gives or expects to give birth, or any student who identifies as a parent of an infant. A pupil may file a uniform complaint if their school violates the rules above.

The County Superintendent or designee shall work with staff and parents/guardians to jointly develop and agree upon policy and strategies to meaningfully involve parents/guardians and family members in County Office and school activities at all grade levels; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

The BCOE local control and accountability plan (LCAP) shall include goals and strategies for parent/guardian involvement, including efforts to seek parent/guardian input in County Office and school site decision making and to promote parent/guardian participation in programs for English learners, foster youth, students eligible for free and reduced-price meals, and students with disabilities.

The County Superintendent or designee shall involve parents/guardians and family members of participating students in decisions regarding how Title I funds will be allotted for parent/guardian and family engagement activities.

Expenditures of such funds shall be consistent with the activities specified in this policy and shall include at least one of the following:

1. Support for schools and nonprofit organizations in providing professional development for County Office and school staff regarding parent/guardian and family engagement strategies, which may be provided jointly to teachers, principals, other school leaders, specialized instructional support personnel, paraprofessionals, early childhood educators, and parents/guardians and family members

2. Support for programs that reach parents/guardians and family members at home, in the community, and at school

 4. Collaboration with, or the provision of subgrants to schools to enable collaboration, with community-based other organizations or employers with a record of success in improving and increasing parent and family engagement
5. Any other activities and strategies that the County Office determines are appropriate and consistent with this policy

If the County Office receives funds under federal Title IV, Part E, to coordinate and enhance family engagement programs, the County Superintendent or designee shall inform parents/guardians and organizations of the existence of Title IV.

The County Superintendent Policy and Administrative Regulation aligned parent/guardian and family engagement strategies are addressed in the Federal Addendum to the LCAP, per SP 0460 and 20 USC 6312.

The County Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent/guardian and family engagement policy in accordance with 20 USC 6318.

County Office and school-level parent/guardian and family engagement policies and administrative regulations shall be distributed to parents/guardians of students participating in Title I programs and shall be available to the local community. Parents/guardians shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents/guardians can understand.
